THE PROCESS

You bring us your work on VHS or other media. We work closely with you, reviewing your footage to select the clips that best highlight your skills as an actor.

After the consult, we compile your footage, add titles, photos, music, a catchy opening, and contact information at the beginning and end. We can even shoot new footage (personal interviews, scene work, monologues) to diversify your body of work.

We review your reel together, then output the final version on VHS or DVD. You walk out the door with an essential marketing tool to take your career to the next level.
